

# THANK YOU!

HealthNet Gaston thanks our participating providers and community partners for their commitment to assuring Gaston County's low-income, uninsured citizens have access to affordable healthcare services. Their generous donations of time, talent, supplies and medications coupled with community-wide collaboration have enabled our patients to improve their health. In 2012, over \$17.1 million in healthcare resources were provided to more than 2,830 of our neighbors in need.
